BgNS's NUCLEAR POWER FOR THE PEOPLE

Authors information

- The authors should submit extended abstracts up to 2 pages (maximum 8000 symbols). The abstract should contain: 1) paper title, 2) five keywords in order of importance, 3) authors' names and full addresses, 4) name, address, phone, fax and e-mail of the author to whom subsequent correspondence should be directed. The abstract should state clearly the background, objectives, results and conclusions. It may content figures, tables and pictures.
- The Organizing Committee will inform you of the acceptance of your paper for oral or poster presentation.

Paper publication

The papers accepted for presentation on the conference, either oral or poster, are eligible for publishing in the BgNS Science and Technology Journal. Visit www.bgns.bg for more information.

Working language: English and Bulgarian

Young Authors' Competition for Best Presentation

The young authors who would like to take part in Competition for Best Presentation (first author not older than 35) must indicate this in the Participation Form.

The papers for the competition will be reviewed and evaluated by a special Competition Commission. Six of the presented papers will be selected for oral presentation on the conference. The best three presentations elected by both, the participants and Competition Commission, will be awarded. The rest of the papers could participate in the competition for best poster award.

The evaluation criteria in the competition are: correspondence with the conference title, actuality, clear statement of objectives, subject, results and conclusions, understandability, attractiveness and visualization, balance between text and images.
